Course title		BANKING	
Study programme		Undergraduate professional study Accounting and Finance	
Course status		Obligatory	
Year	Semester	3	V
Value of credits and lecturing procedures		ECTS	5
		Number of hours (Lectures+Exercises+Seminars)	60 (30+0+30)

1. COURSE DESCRIPTION
<i>1.1. Objectives</i>
The objective of the course is to train students to master the basic categories used in banking (commercial and investment banks, money, card, credit, deposit, account, interest rate, creditworthiness, credit risk, exchange rate). The purpose of the course is to define the basic bank transactions in the Republic of Croatia, the role of banks and their characteristics, types of banks, and the characteristics of basic bank transactions (credit, deposit, neutral and other banking transactions). The objective of the course is to apply knowledge on the management of credit, currency, interest rate and operational banking risks. The contents of the course comprise the elementary skills of bank performance evaluation, creditworthiness of the company and payment transactions. The aim is to enable students to combine acquired knowledge with the calculation of the exchange rate, the share price in the fund, the price of bonds and the price of stock.
<i>1.2. Course enrolment conditions</i>
None
